## Message from the Chair

It is going to be an early spring according to Chuck, Staten Island groundhog, who did not see his shadow this past Groundhog Day! And very grateful we all are! So as we all sit back and watch winter fade away we can look forward to spring weather, beautiful flowers, and the rest of the wonderful events the St. Louis Chapter has coming up this spring and summer.

The SCC St. Louis Chapter is such a wonderful group of people. If you have not gotten the chance to come to one of our speaker events yet, I want to say *you* must! Our chapter meetings are growing in number and this is very exciting. The chapter always has a great speaker with information you may or may not already know, but in either case you always take something away. I have been part of the SCC for 3 years now. My personal experience is that I have learned and taken away from every speaker event something new whether that is information, inspiration, or enthusiasm. Not to mention, all of the great people I have been introduced to and make our chapter what it is. Each and every person is important and we love seeing all of you! I wanted to share my experience with *you* because this is my chance to share with everyone how special being a part of this group is to me and I hope *you* will come out and join us for at least one event this year. The more the merrier!

Our upcoming speaker event is on Thursday March 31<sup>st</sup>. Our speaker, Lonnie Jaycox of C L Smith Company will present the topic "Product/Package Compatibility: Is your packaging protecting and preserving your product?" This presentation is not one you want to miss as this issue is very important to all industries!

## March Meeting

Our next monthly meeting will be held at Culpeppers in Creve Coeur.

Lonnie Jaycox of C.L. Smith Company will be giving an interesting and informative talk on packaging products and their role in you products safety.

The cost is \$25 per person.

Please RSVP to Lora Ruppert at

[LRuppert@ChemiaCorp.com](mailto:LRuppert@ChemiaCorp.com)

to let us know you can make it.

I also wanted to mention that our 6<sup>th</sup> Annual Golf Outing is scheduled to take place on Thursday May 5<sup>th</sup> at The Orchards Golf Club in Belleville, IL. We always have an amazing turn out for this event so we hope to see you there!!!

I wish you all a Happy St. Patrick's Day and I hope to see you the 31<sup>st</sup>!!!

Thank you,

Lora Ruppert

## GOLF OUTING INFO

The SIXTH Annual St. Louis Chapter of the Society of Cosmetic Chemists (SCC) Golf Tournament will be held for a third year at The Orchards Golf Club in Belleville, IL on Thursday, May 5, 2011. The shotgun start time is scheduled for 12:00 PM.

We are moving the tournament to a Thursday to make it easier for those who are interested in traveling to St. Louis to join us, and then travel home without missing part of the weekend. In addition, we are moving the start time up to noon, to entice people to stick around for the banquet afterwards.

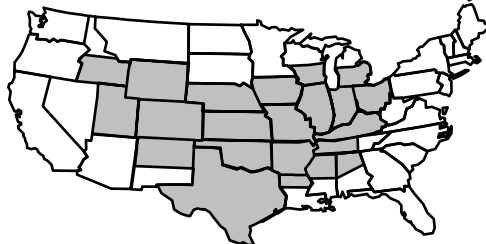

We are now accepting hole sponsors for \$75 per hole. If you are interested in being a hole sponsor for this tournament, please let me (C. Heisig) know ... and if you have not previously sent artwork for our hole sponsorship signs, please send a copy of your company logo, and we will make sure it's on the sign. In addition, if you would like to have any additional information on the hole sponsor sign, include that in the file. The easiest file for our sponsor sign-makers to work with are ".eps" files.

We need hole sponsor information and payment by Friday April 22<sup>nd</sup>. We are also accepting donations for door prizes for the after-golf banquet.

Please let us know if you and/or your company are interested in participating. The fee for golfers is \$95 per player. This includes greens fees, beverages (of all kinds!) and snacks during golf, and dinner (banquet) afterwards. Not bad for only \$95!!

If you have any questions, please feel free to contact one of us (see below).
